## Start-up listing

### Deal Engine

Leveraging AI and APIs to automate all manual processes in travel, creating new revenue streams and reducing costs.

### EMMA Systems

Unique software solutions purpose-built to streamline and simplify customs clearance, forwarding, post-declaration archiving and compliance.

### Fetcherr

A unique agnostic AI-driven market engine. The LMM (Large Market Model) precisely forecasts demand and market trends, enhancing performance and enabling real-time decision-making for business and revenue management.

### Moonware

The digital ecosystem for automated and streamlined airfield operations. HALO, a platform powered by AI, delivers faster turnarounds, reduced block times, minimized delays, higher flight throughput, and maximized asset utility.

### Sencity

Revolutionizing the way people connect with each other and with the places they visit. Sencity offers cutting-edge software and hardware products that are both interactive and intuitive, unlocking the full potential of public spaces to create better experiences for everyone.

### Shabstec

A new era of baggage technology software and solutions: Bagnition Suite processes and tracks luggage from home to check-in to aircraft hold; Baggage Broker allows seamless exchange of baggage information between airlines / airports / vendors; Baggage Panorama gives baggage ops staff an overview of the entire baggage process end to end.

### SkyBuys

An innovative tech channel partner for Duty Free & Travel Retail. Partner with SkyBuys to grow sales, access more meaningful and real-time customer and product data and enhance the passenger experience and journey.
